Texas Childcare Administrators Conference

Wyndham San Antonio Riverwalk Hotel

111 East Pecan Street

San Antonio, TX 78205

12 p.m.

The Texas Center for Child and Family Studies (an affiliate of the Texas Alliance of Child and Family Services) invites you to attend the 2019 Texas Child Care Administrators Conference! This year's conference theme - Mission Possible: Strengthening Texas Families - expresses the commitment and dedication that community organizations all over Texas have in providing the highest level of services to children, youth, and families in Texas. We have a fantastic slate of workshops and keynote speakers that will provide valuable information on delivering the most innovative and effective, trauma-informed services for children, youth, and families in communities across Texas. As always, 15 pre-approved CEUs are offered for LCPAA, LCCA, LSW and LPC license types. Join us as we come together for high-level training, professional networking, and lots of fun! Review the Schedule-at-a-Glance including workshop descriptions. Please visit the TCCA Conference event page for full conference details, including hotel options.

TACFS Members

Texas Alliance of Child and Family Services (TACFS) members please choose the "TACFS Member" rate options when registering. To join TACFS, please visit our website here. To check if your organization is an TACFS member, please visit our directory or contact Sarah at scombs@tacfs.org or (512) 892-2683.

Registration rate through September 20:

STARHealth Webinar: Caring for Children Who Have Experienced Trauma – Early Childhood

12 to 1:30 p.m.

This workshop looks at the impact of trauma, attachment and disrupted brain development on children from birth to age 5. The course explains how trauma disrupts normal brain development and offers ways to help children cope with trauma reminders.

Discuss the science of early childhood development

List ways trauma disrupts normal brain development

Identify ways to help children cope with trauma reminders

November 15, 2019

STARHealth Webinar: That Makes Sensory: Understanding Sensory Processing Differences in

12 to 1:30 p.m.

This workshop will offer participants a basic understanding of sensory processing and its impact on the developing child. Typical red flags will be discussed along with activities caregivers can do with children to stimulate a healthy sensory system.

December 13, 2019

STARHealth Webinar: Understanding the Adverse Childhood Experiences Study

12 to 1:30 p.m.

This training reviews the concepts and results of the Adverse Childhood Experiences (ACE) Study, a decades-long landmark study looking at the relationship between traumatic childhood events and adult health and social problems.

Identify the summary of ACE study findings

List the categories of the ACE study

Identify negative physical and behavioral impacts of a high ACE score

Discuss the positive impacts of ACE findings on child welfare
